- Training "JBoss and EJB3 for Java Developers" of Red Hat (2007)

SKILLS AND KNOWLEDGE

Programming Languages

- very good knowledge: Java 11, TypeScript, SQL
- good knowledge: Kotlin, PHP, JavaScript
- basic knowledge: Xtend, Python

Frameworks & Libraries

- very good knowledge: Java EE / Jakarta EE, Spring Boot, Quarkus, Angular, NGRX, JasperReports
- good knowledge: MicroProfile, PrimeFaces, AngularJS, Angular Material, RxJS, Ionic, Bootstrap, jQuery
- basic knowledge: Kubernetes

Tools

- Version Control: Git, SVN
- Build Management Tools: Maven, Gradle (Basic Knowledge)
- Application Server: WildFly
- Container Virtualization: Docker, Kubernetes
- Databases: PostgreSQL, MySQL, MariaDB, Microsoft SQL Server, Oracle, DB2, MongoDB
- Lean Development Methods: Scrum, Kanban
- Word, Excel, Power Point

Languages

- German | Mother Tongue
- English | fluent in written and spoken language
- French, Spanish | Basic Knowledge
